 Please send photos of finished armbands
 (especially being worn)

The armband is in white.
 The peace symbol should preferably be in a light- to medium-blue or rainbow.

Holding the armband in place:

You can use a safety pin or button pin to fasten the armband
 Extra bonus points if you can sew velcro onto it,
 or work elastic into the edge.
 Another possibility is to put in some button holes on one side
 and sew on buttons on the other side.
 It could also just be sewn onto a jacket to keep it in place.
